

# Does your detergent wear this sign, too?

**Then it is one of those modern detergents that switched to Compact powders!**

- 1/3 less weight for the same amount of washes.
- 1/3 less powder for every washload.
- less refuses, less consumption of raw materials:  
An advantage for you and the environment.
- The common package sizes will be reduced by 1/3.

for example:

3 kg = **2** kg <sup>NOWOŚĆ</sup>    6 kg = **4** kg <sup>NOWOŚĆ</sup>    9 kg = **6** kg <sup>NOWOŚĆ</sup>

**EuroCompact – A modern trend all over Europe!**
